

Practice Problems for Week-05

Dr. Jora M. Gonda

February 8, 2021

1. 6.1. Distribution Functions in R, Owen-The R Guide:
 - Learn to get the distribution (d), cdf (p), quantile (q), and generate samples of the distribution (r). Try for as many distributions as you wish.
 - Report for any three distributions
2. 6.3 Graphing Distributions
3. 6.4 Random Sampling
4. 6.5 Exercises covered here (6.2, 6.4, and 6.5).
